3. Tech/Framework : React Js , Bootstrap
4. Database :MySQL
5. Operating System : Windows

Projects & Initiatives

1 : Calculator

Project Title : Basic calculator

Description : "I developed a feature-rich calculator leveraging HTML, CSS, and JavaScript, showcasing proficiency in front-end technologies. This project demonstrates an intuitive user interface crafted with CSS for an engaging design. Using JavaScript, I implemented core functionalities enabling accurate real-time calculations. Through this project, I honed my skills in responsive design, logical problem-solving, and creating interactive web applications, showcasing a keen eye for user experience."

Technology Used: HTML, CSS, JS.
